Welcome to **Acharya University** of Uzbekistan - a dynamic and innovative institution dedicated to providing world-class education in the field of **Information Technology**. We offer a range of undergraduate and graduate programs designed to prepare students for successful careers in the technology industry, as well as research opportunities that push the boundaries of knowledge and innovation.

Acharya University is located in the beautiful city of **Karakul**, which has been identified by the **President of Uzbekistan** as the site for a future **Silicon Valley**. Our campus is home to state-of-the-art facilities, including modern classrooms, advanced computer labs, centers of excellences established in partnership with IT companies in the areas of **Artificial Intelligence, Cyber security, Cloud Computing, Data Analytics, Machine Learning** etc. The campus houses fully equipped sports facilities and well-furnished residences for our students, ensuring a comfortable and supportive living environment.

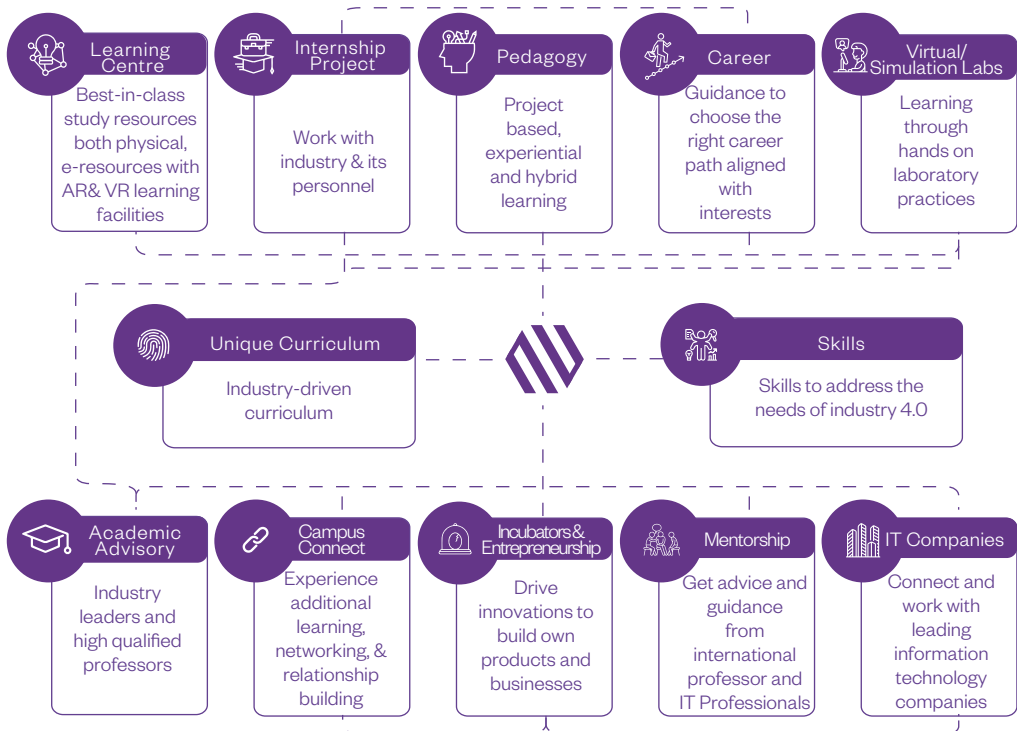

The Acharya Way of Teaching & Learning

At **Acharya University**, we are committed to providing a holistic learning experience that goes beyond classroom instruction. We offer special tutoring for our students to ensure that they receive the individual attention and support they need to succeed academically.

Our faculty members are experts in their fields, with a passion for teaching and a dedication to student success. They employ a variety of pedagogical approaches to ensure that our students receive a well-rounded education that prepares them for the challenges and opportunities of the technology industry. Our pedagogy is based on the principle of holistic learning, which emphasizes the importance of developing critical thinking, problem-solving, and communication skills.

Industry Interface

In line with the vision of the President of Uzbekistan to create a Silicon Valley in Karakul, **Acharya University** will bring its strong partnerships with leading technology companies and organizations to provide the students of Uzbekistan opportunities to engage with the industry and develop the skills and knowledge they need to succeed. Our industry interface include industry partnerships with companies like, **IBM, Microsoft, Adobe** to name

a few, industry-focused curriculum, guest lectures, hackathons and competitions, and industry-focused research.

We are also committed to providing a employability oriented curriculum that equips our students with the skills and knowledge they need to succeed in the workforce. Our programs are designed in consultation with industry experts and are updated regularly to reflect the latest trends and developments in the technology industry.

International Academic Alliances

At **Acharya University**, we believe that academic collaborations with foreign universities are a key component of our mission to provide our students with a well-rounded education that prepares them for success in the global marketplace. By exposing our students to different cultures and ways of thinking, we are helping them to develop the cross-cultural competencies and global perspectives that are essential for success in today's interconnected world.

Acharya University's collaborations team is committed to provide our students the opportunity to **study abroad**, participate in joint research projects, and learn from experts in their fields from different parts of the world. Our **collaborations with foreign universities** also enable us to bring in international faculty members who bring diverse perspectives and experiences to our classrooms. Our collaborations also enable us to offer our students access to cutting-edge research facilities and advanced technologies., Some of our notable academic collaborations include partnerships with universities in **India, the United States, Canada, Australia, and Europe.**

Campus

Acharya University in Karakul features state-of-the-art facilities, cutting-edge technologies, and a dynamic and supportive learning environment that is designed to provide our students with the skills and knowledge they need to succeed in the field of information technology.

Acharya University's campus features modern classrooms, laboratories, and computing resources, as well as a range of extracurricular activities and support services that are designed to help our students thrive.

The campus is designed to provide our students with the tools, resources, and support they need to achieve their goals and become the leaders of tomorrow. Whether you are a student, faculty member, or member of the community, we invite you to join us and become a part of our vibrant and dynamic campus in Uzbekistan

Student Life

Acharya University students experience a holistic college life through participation in sports and cultural activities that showcases their creative and artistic abilities. They are provided practical knowledge through various academic and co-curricular activities like seminars, workshops, industry visits etc. Students are made to learn in a collaborative environment while coming up with creative solutions to problems. No holistic development is complete without the active involvement of club activities in student life. The exposure to such activities has taken the growth of students to new heights. Students on campus actively take part in these clubs and conduct events

Here are a few clubs that are part of Acharya:
Developer's Club of Acharya | Nature Watch Club
Music Club | Dance Club | Theatre Club
Acharya Film Forum | Photography Club

Student Residences

Acharya University's student residential facilities are made as homely as possible. The life at the residences is an extension of the academic pursuit of the student. It helps them grow with a proper mix of care, discipline and personal space under the supervision of a warden. The large capacity **laundromat, state-of-the-art kitchen, back-up electric power, solar powered energy, purified drinking water, Wi-Fi connectivity, in-campus medical and ambulance facility** ensure a hassle-free life for the students.

Holistic Learning

Acharya University is committed to providing our students with a holistic learning experience that goes beyond the traditional classroom setting. Our approach to education emphasizes experiential learning, community engagement, and personal growth, all of which are designed to help our students become well-rounded individuals who are prepared to make a positive impact in the world. One of the key components of our holistic learning approach is experiential learning.

We believe that students learn best by doing, and we offer a range of hands-on learning opportunities, including Classroom theoretical sessions with practical orientation. Interactive learning through seminars & symposium, Group dynamics involving club activities Outbound learning, industry visits & educational tours International summer/winter school with our partner institutions, International Immersion Program International Student Exchange Program, Supportive skill-set building comprising personality development, team play, role modeling etc and Augmentative academics for enhancing career opportunities.

Acharya's Technology Business Incubator

Acharya University's Technology Business Incubator supports the establishment and growth of technology based **Startup** companies and other compatible technology interventions.

The Incubator provides an end-to-end cutting edge ecosystem that supports new and emerging technology ventures and enhance their likelihood of success. The incubator renders necessary **infrastructure, financial support, business advisory, mentoring, legal assistance, product development, networking, commercialisation, protecting intellectual properties, insurance, and tax administration** resulting in strategic alliances.

At **Acharya University**, we are proud to adopt the Snow Leopards as our official varsity team. The snow leopard is the national animal of Uzbekistan, and we believe that it is a fitting symbol for our commitment to excellence, perseverance, and resilience.

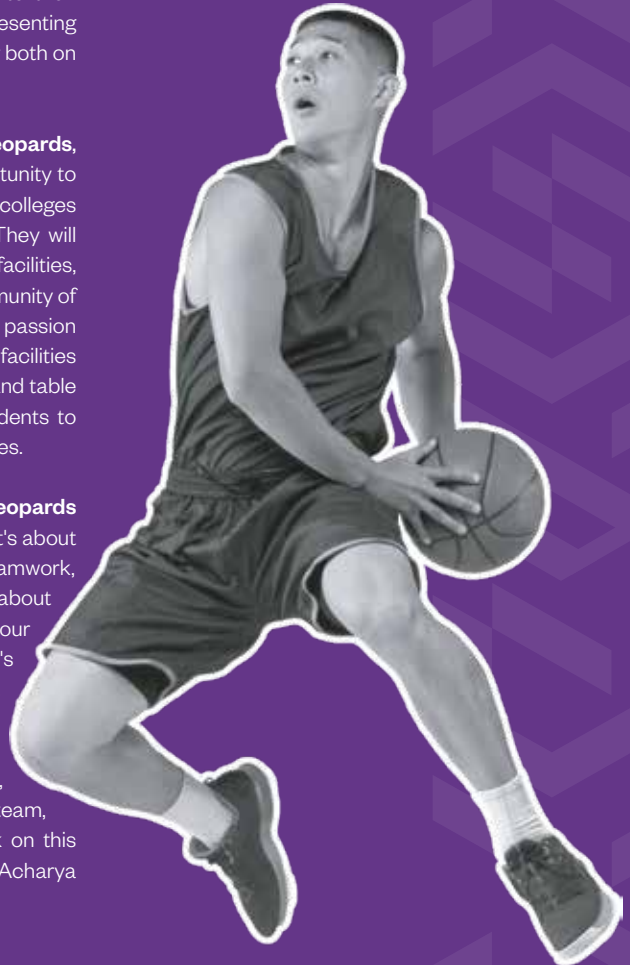

Just like the snow leopard, our students are fierce competitors who never give up, even in the face of adversity. They are dedicated to their sport, to their education, and to representing Acharya University with pride and honor both on and off the field.

As a member of the **Acharya Snow Leopards**, our student-athletes will have the opportunity to compete against other universities and colleges from across Uzbekistan and beyond. They will have access to state-of-the-art training facilities, expert coaching, and a supportive community of fellow student-athletes who share their passion for sports. We offer a range of sports facilities including basketball, volleyball, soccer, and table tennis, as well as opportunities for students to participate in cultural and artistic activities.

But being a part of the **Acharya Snow Leopards** is about more than just winning games. It's about learning important life skills such as teamwork, leadership, and sportsmanship. It's about representing your university and your country with pride and dignity. And it's about pushing yourself to be the best you can be, both on and off the field. So whether you are a student-athlete looking to compete at the highest level, or a fan looking to support your favorite team, we invite you to join us as we embark on this exciting new chapter in the history of Acharya University.

Go Snow Leopards!

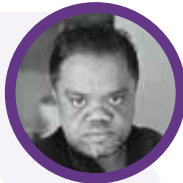

Acharya Alumni - Empowered to Achieve, Inspired to Lead

Alumni are an integral part of the **Acharya University** community, and we are proud to have a large and diverse alumni network that spans the globe. Our alumni have gone on to achieve great things in a wide range of fields, and we are always inspired by their accomplishments and contributions to society.

Our alumni page is dedicated to celebrating the achievements of our alumni, as well as providing opportunities for networking, career development, and continued learning. Here, you can connect with fellow alumni, learn about upcoming events and initiatives, and find resources and support to help you succeed in your personal and professional life. At Acharya University, we believe that our alumni are our greatest ambassadors, and we are committed to providing them with the support and resources they need to achieve their full potential. Whether you are a recent graduate or a seasoned professional, we invite you to join our alumni community and become part of a dynamic and supportive network of achievers.

Admission

To apply for admission, all students must complete an online application form, which can be found on our website at www.acharya.uz. Once you have submitted your application, you will have the option to choose between an online examination or a pen & paper examination, depending on your preferences and convenience.

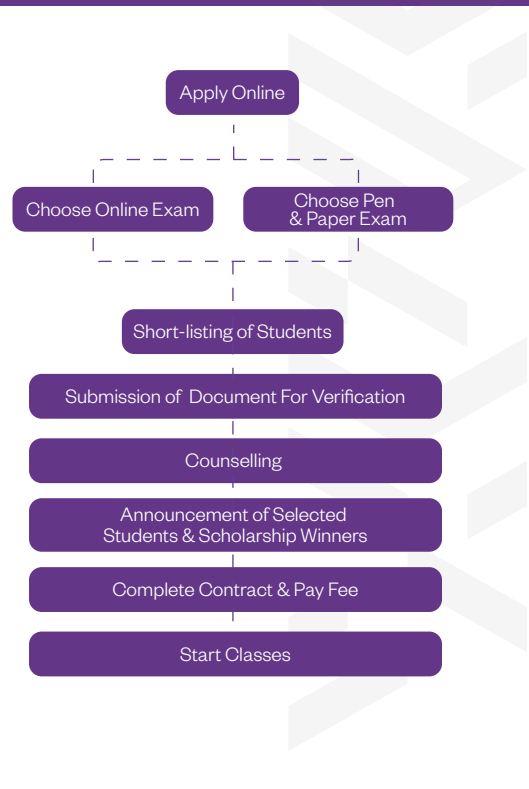

After the examination, shortlisted candidates will be notified and requested to submit their documents for verification. We will then conduct a counseling process to assess each candidate's suitability for our programs.

Once the interview process is complete, we will announce the selected candidates for admission to our programs. We will also announce the names of students who have been

awarded scholarships based on their academic performance and financial need.

At **Acharya University**, we are committed to providing a high-quality and inclusive education to all our students. Our admission process is designed to ensure that we select the most suitable candidates for our programs, based on a combination of academic performance, potential, and personal qualities.

We encourage all students to apply as soon as possible, as places are limited and competition is expected to be high. If you have any questions or concerns about the admission process, please do not hesitate to contact us for assistance. We look forward to receiving your application and welcoming you to our vibrant and dynamic community at **Acharya University**.
